FINANCING SERVICES — FCA BANK

When you buy your new car, we think you should have a choice of payment options. With FCA BANK you can choose the payment method that best suits your needs from a wide range of attractive solutions.

Installments: allows you to spread the payment of all or part of your new Fiat over a period ranging from 12 to 72 months, or part of the purchase cost of a used vehicle for a period ranging from 12 to 60 months.

FiatPiù: with FiatPiù you get a new Fiat on your drive, but you only pay for what you actually use. At the end of the plan, you are free to choose between three options: you can replace your vehicle and buy a new one, you can keep your vehicle and pay the last remaining instalment or you can return it after only paying for what you actually used.

Leasing: an alternative to financing, this solution offers you the option of using your car without tying up your capital. You have a choice of contract term (from 24 to 60 months) and down payment, plus a flexible final redemption value. It is ideal for professionals, sales agents and business owners, owing to the economic and tax benefits of this financial product.

FCA BANK, in addition to financing plans, this offers a wide range of services designed to protect you from the unexpected: indelible marking on key vehicle components as a maximum deterrent against theft, the special Fire&Theft, Collision (protection against collisions with other vehicles), Kasko (fully comprehensive insurance) and Prestito Protetto protected loan (e.g. instalment repayment if you lose your job) policies and three types of StradaFacendo Warranty with different coverage for keeping your car in shape.

For more information: **Contact Centre 199.818.203** (Monday to Friday, 9 a.m. to 5 p.m.) - www.fcabank.it - Find out more from any participating Fiat Group Dealership.

ICONIC DESIGN

THE *legend* IS BACK.

50 YEARS ON, THE ICONIC 124 SPIDER IS BACK,
NOW FEISTIER THAN EVER.

ITALIAN DESIGN AND UNMISTAKABLE ELEGANCE IN A
COMBINATION OF TRADITION AND INNOVATION:
TRUE MODERN BEAUTY, EVOKING ITS GLORIOUS PAST.
YOU'LL BE CAPTIVATED BY ITS SOFT LINES, INSPIRED
BY THE GREAT 1966 CLASSIC, AS YOU DISCOVER
THE PLEASURE OF RELIVING THIS UNFORGETTABLE ERA.

A SHAPE THAT GOES STRAIGHT TO YOUR *heart*.

ICONIC DESIGN

ONLY THE GREAT ICONS OF THE PAST CAN UNFAILINGLY REINVENT THEMSELVES WITHOUT LOSING THOSE DETAILS THAT MADE THEM IMMORTAL. IT IS IN THIS SPIRIT THAT THE NEW 124 SPIDER FULLY REINTERPRETS – WITH A MODERN FLAIR – THE DESIGN OF THE 1966 MODEL: WITH ITS SLENDER OUTLINE, CLASSICAL SIDES WITH PERFECT PROPORTIONS, LOW CENTRE OF GRAVITY, PERFECTLY POSITIONED SEATS AND ELONGATED HOOD THAT'S REMINISCENT OF SPORTS CARS. YOU'LL FALL IN LOVE WITH THIS SOFT AND CAPTIVATING MODEL, PERFECT DOWN TO THE FINEST DETAIL. AT EVERY TURN AND EVERY GLANCE.

ICONIC DESIGN

The new 124 Spider is now here for you to relive the historical legend: classic body and perfect proportions. Even the top grid, with its hexagonal shape, is inspired by the unique shape of the air intakes and by the sporty textured honeycomb grid of the classic model. A horizontal line connecting the front and rear mudguards, joining up at the headlight.

Lightweight, rigid and safe: these three key pillars underpin the creation of this roadster bodywork, created with aluminium and high-strength steel, designed to respond dynamically to your every command.

THE MOST *charming* ROAR SINCE 1966.

PURE DRIVING

THE NEW 124 SPIDER WAS DESIGNED TO DELIVER EXCELLENT PERFORMANCE AND TRULY DYNAMIC DRIVING: DISCOVER ITS MULTIAIR 1.4 TURBO TOGETHER WITH A SIX-SPEED MANUAL OR AUTOMATIC TRANSMISSION OFFERING 140 HP AND 240 NM OF TORQUE AVAILABLE FROM LOW REVS. MANOEUVRABILITY, POWER AND EFFICIENCY: ALL THIS THANKS TO THE COMBINATION OF REAR-WHEEL DRIVE, SPORTS TRIM AND A LIGHTWEIGHT BODY.

Driving the new 124 Spider offers endless pleasure, thanks to its transmission with direct and fluid couplings, six-speed manual or automatic gearbox and lever with excellent handling. The rear-wheel drive gives you a dynamic driving experience every time, together with the balanced weight distribution and low centre of gravity. On the front, the new 124 Spider uses an advanced double wishbone suspension system, while the rear axle uses multi-link architecture to

ensure total vehicle control when navigating curves. The sophisticated calibration of the suspension and steering, together with the strength of the body, guarantee responsive and accurate handling. Lastly, the high torque, combined with the lightness of the bodywork and good power-to-weight ratio allow you to have a great sense of acceleration and responsiveness.

UNIQUE INTERIOR

YOUR VERY OWN SLICE
OF *sky*, FROM THE VERY
BEST SPOT.

ONLY A ROADSTER LIKE THE NEW 124 SPIDER CAN
GIVE YOU THE FEELING OF REAL FREEDOM.
YOUR DRIVING EXPERIENCE STARTS WITH THE CAR'S
INTERIOR, WITH ITS METICULOUS DETAILS AND SUPREME
QUALITY MATERIALS: OPTIMUM DRIVING ERGONOMICS,
LEATHER STEERING WHEEL AND GEARSHIFT, SOFT-TOUCH
UPHOLSTERY AND SEATS DESIGNED TO GIVE YOU THE BEST
POSSIBLE COMFORT.

UNIQUE INTERIOR

It is impossible not to appreciate the supreme quality of the materials used in the interiors of the new 124 Spider: real leather on the steering wheel and gearshift, chrome and satin-finished interior door handles, leather or fabric seats depending on the fittings, and soft-touch materials in the rest of the compartment.

The unique design of the dashboard, with a silver or black gloss insert depending on the fittings, further enhances the soft-touch materials. An optimum driving position, is guaranteed by the vertical steering wheel and accelerator pedal, hinged at the bottom. The tachometer positioned in the middle of the dashboard and the elevated, short-handle gearstick are designed to enhance both your sporty driving experience and the handling of the car.

THE WORLD IS IN *your* HANDS.

INFOTAINMENT

THE NEW 124 SPIDER IS AN ICON OF STYLE, ELEGANCE AND EXCITEMENT: THAT'S WHY IT PACKS IN EXCELLENT TECHNOLOGY AND A CUTTING-EDGE INTERFACE, WITH ITS 7" TOUCH-SCREEN DISPLAY, CONTROLS ON THE STEERING WHEEL AND MULTIMEDIA CONTROL ON THE CENTRE TUNNEL, GIVING YOU ALL THE FEATURES AT YOUR FINGERTIPS. BUT THAT'S NOT ALL: DAB RADIO, WI-FI AND BLUETOOTH® CONNECTIONS, TWO USB PORTS AND AUX INPUT.

The infotainment system with 7" display touchscreen, available as optional, includes the following functions:

ENTERTAINMENT

- Access to DAB AM/FM radio, MP3, USB, AUX and Bluetooth® streaming from your phone.
- Listen to music from a connected device like iPod, smartphone or a USB pen drive.
- Access the AHA™ application, installed on smartphone, to use online radio, audio books and podcasts.
- Access the Stitcher™ application, installed on smartphone, to use podcasts.
- Audio configurations management.

COMMUNICATION

- With the Bluetooth® hands-free function, making and receiving phone calls is much simpler.
- Receive text messages and emails and answer using predefined messages.
- Access the calls made log and the contact information.

NAVIGATION

- Choose between 2D and 3D map display.
- Reach the destination you want by accessing real time traffic information with a smartphone connected.
- Receive information on weather conditions and fuel prices while you are driving.

APPLICATIONS

- Monitoring of the fuel reduction.
- Information on the next maintenance work.

NOTE: some services and functions require a compatible smartphone and internet connection (sometimes they are provided on payment after a 60 days free test).

EVERY LOVE *story* HAS ITS
OWN SOUNDTRACK.

BOSE® SOUND SYSTEM

ENJOY THE SCENERY LIKE NEVER BEFORE WITH THE SOUNDTRACK OF YOUR CHOICE. WITH THE EXCLUSIVE BOSE® SOUND SYSTEM, YOU'LL ALWAYS HAVE SUPERB SOUND QUALITY, EVEN WHEN RIDING WITH THE TOP DOWN THANKS TO THE NINE SPEAKERS INSIDE THE PASSENGER COMPARTMENT, FOUR OF WHICH ARE PLACED IN THE HEADREST.

BOSE® SOUND SYSTEM

BOSE®

- Two 2.5 cm tweeters in the front pillar.
- Two full-range 16.5 cm speakers in the doors.
- Four 5-cm UltraNearfield™ speakers in the seat headrests.
- One 13-cm woofer in a 6-litre custom engineered bass enclosure under the foot well on the right side.
- Digital amplifier below the convertible-top storage space with Bose® Digital Signal Processing: seven different types of personalised equalisation. Automatic volume adjustment to compensate for background noise and the speed of the car thanks to the AudioPilot® 2 noise compensation technology and to the TrueSpace® signal processing circuitry.

SAFETY

MAKE EVERYONE'S *eyes* SHINE.

A TRULY PLEASURABLE DRIVING EXPERIENCE MEANS NOTHING WITHOUT SAFETY.

THE NEW 124 SPIDER HAS ADVANCED DRIVER ASSISTANCE SYSTEMS, LIKE CRUISE CONTROL OR TPMS (TYRE PRESSURE MONITORING SYSTEM), DUSK AND RAIN SENSORS AND HEADLIGHT WASHERS AND PEDESTRIAN COLLISION PROTECTION SYSTEM.

BUT MOST IMPORTANTLY, IT GIVES YOU FULL LED HEADLIGHT TECHNOLOGY WITH AFLS (ADAPTIVE FRONT LIGHTING SYSTEM), WHICH DIRECTS THE BEAM OF LIGHT BASED ON YOUR SPEED AND THE DIRECTION OF THE CURVE.

THIS WAY YOU HAVE FULL CONTROL AND VISIBILITY IN ALL CONDITIONS.

SAFETY

LED HEADLIGHTS WITH ADAPTIVE FRONT LIGHTING SYSTEM (AFLS)

This system increases night-time visibility. The LED headlights adapt to every curve, lighting up the road even more so you can react even faster when faced with obstacles.

VERSIONS

AUTHENTICITY, DETERMINATION AND PERSONALITY.

IF THIS DESCRIBES YOU, YOU WON'T BE ABLE TO RESIST

THE TIMELESS ICON THAT IS THE NEW 124 SPIDER.

THE RANGE INCLUDES TWO DIFFERENT FITTINGS:

THE NEW 124 SPIDER, WITH A WIDE RANGE OF STANDARD

FEATURES, AND THE NEW TOP-OF-THE-RANGE

124 SPIDER LUSO.

NOT EVEN A TAILORED SUIT COULD FIT YOU THIS *perfectly.*

VERSIONS

124 SPIDER
